## **EXAMINER'S AMENDMENT AND COMMENT**

### ***Drawings***

1. Figure 2b should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, Applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

### ***Examiner's Amendment***

2. An examiner's amendment to the record appears below. Should the changes be unacceptable to Applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Maryam Imam on December 7, 2005.

3. The application has been amended as follows:

Art Unit: 2622

In claim 26 (now renumbered claim 14), replace lines 3 and 4 with:

removably connecting a card for transferring images in digital format to  
the digital camera via a PCMCIA/CF interface and to the computer using a  
Universal Serial BUS (USB) interface;

In claim 26 (now renumbered claim 14), delete lines 5-7.

#### ***Information Disclosure Statement***

4. The information disclosure statements filed March 13, 2006, and March 24, 2006, fail to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. Conforming documents have been considered, but crossed-out documents have not.
